UNDERWEAR : AND : HOSIERY : SALE!

Those who buy first buy best. The name of Wilson and the new tariff is familiar in most every household, and if you will come and see us Tomorrow and during the week we will show you what the revised tariff has done in the way of reducing prices on Underwear and Hosiery. Never in our fourteen years as the "Bargain Givers" among you, have we been in a position to offer such values, and a casual glance into our store will make you think we are an exclusive Underwear and Hosiery House.

39c.

Ladies' Swiss Ribbed Vests and Pants, made of fine Egyptian cotton, ecru and natural colors, and every garment fleeced. This you will find well worth 50c.

48c.

Ladies' Extra Heavy Vests and Pants, all cotton but heavily fleeced, which makes it as warm as wool. We have two cases of this number including the natural color. These are handsomely crocheted and taped necks.

48c.

Ladies' Ribbed Vests and Pants. With a great many underwear, must contain a certain per cent of wool. For those we have what is called the "non-shrinking," about half and half of wool and cotton, at the unheard of price of 50c.

75c.

Ladies' Vests and Pants 75 per cent wool. Such goods at this price has never been shown. Silver gray, fancy neck, beautifully shaped and warranted not to shrink.

98c.

Ladies' Wool Ribbed Vests and Pants. This number is very striking in appearance, having a silk front and crocheted neck with silk tape drawn through.

48c.

Ladies' Ribbed Union or Combination Suits. Just think what you are getting for so little money; these goods run full sizes and lengths, made of fine Egyptian cotton and come in both the gray and ecru.

75c.

Ladies' Ribbed Union or Combination Suits. You will find in this a fine combed mace yarn, fleeced lined, full sized. A great bargain at the price.

Children's Underwear.

Our most popular price for early fall is this number, natural in color, soft in finish and our greatest trouble is to get enough of them. They come in vests, pants and drawers.

Children's All Wool Underwear.

Of all the all wool garments that we ever owned this is in the lead, and you can readily see that Messrs. Wilson and Crosby have both been doing the cutting act.

Children's Camel's Hair Underwear.

This is indeed a beauty, strictly all wool, has a French neck and fine enough for the most fastidious.

Children's Scarlet Underwear.

For those who like the medicated properties in the scarlet, we have a great bargain. No burrs or shivers to scratch and irritate, but fine, soft medicated wool.

Children's Union Suits.

The combination suits for children are in great demand and we can show them in both wool and cotton ribbed from 50c to \$1.50.

39c.

Gentlemen's Shirts and Drawers. These chilly days it's time to be looking out for something a little heavier than the gauze, and in this number you will find a Camel's Hair in color, but all cotton and well worth 50c of anybody's money.

48c.

Gentlemen's Shirts and Drawers. At this price we have gone through our stock and selected three numbers, such as were

never placed on any merchant's counter. They are the maca ribbed camel's hair and natural grays, soft and fleecy, and will prove a ready seller.

69c.

Gentlemen's Shirts and Drawers. The higher in price the more wool you get, and at this price you will find something that you have paid \$1.00 for in seasons gone by.

79c.

Gentlemen's Shirts and Drawers. This particular number we bought nearly 100 dozen of, and have sold lots of them for \$1.00 each, but to make sales large and cut down the quantity, out they go at 79c.

98c.

Gentlemen's Shirts and Drawers. We will quote nothing higher in price than this, for the reason that most anybody can suit themselves when they find strictly all wool goods of the finest grade in three colors to select from: Scarlet, Camel's Hair and Natural wool.

Traveler's Samples.

Last week we bought over 2,000 samples, only one of a kind, of Ladies's, Men's and Children's Hosiery, Gloves, Mitts, Handkerchiefs, Overshirts and Underwear of all kinds at a heavy discount, and

while we have already sold a great many of them, we still have a good assortment left. These will be shown in baskets on the main floor.

19c.

Ladies' Wool Hose. Our all wool plain black seamless hose, formerly sold at 25c; will be put to the front at 19c.

25c.

Ladies' Wool Hose. It has always been and will be for ages to come, a sort of rivalry between merchants to get the best stocking to sell for 25c. We think we have the edge this time, when you see our great leaders in ribbed and plain, at 25 cents.

39c.

Ladies' Wool Hose. At this price we promise to give you as good value as you have had for 50 cents, in plain and ribbed.

10c.

Ladies' Black Cotton Hose. Stockings at this price every store has, but none of them will show you a seamless one, perfectly fast in color and fine in gauge, such as you will find in this sale at 10c.

19c.

Ladies' Black Cotton Hose. The tariff has knocked the bottom out of imported hosiery, and while we own

most all on our shelves at the new price and are bullet proof against all competition, we haven't room nor time to quote further than this one number. Put your expectations as high as you like and we will promise not to disappoint you.

Children's Black Ribbed Wool Hose.

First the younger must be provided for, and just listen to what we have to say. Instead of going into details and descriptions we want you to see our all wool black ribbed seamless, in sizes 6 to 8, that were made to sell at 25c all around, but to make this much said about 8, 20 sale a success will 8, 20 grade them according to size.

OUR BASEMENT

Will be closed for a week for extensive alterations, it being our intention to make a permanent bargain salesroom out of it.

GOODBYE, MR. CORNING.

The Initiative and Referendum People Abandon Him.

THEY WON'T SUPPORT ANY TICKET.

Have Evidently Been Seen by the Populist Managers.

The Initiative and Referendum clubs have thrown over the Bennington-Corning ticket and disclaim any connection with the managers of the ticket. J. H. Lathrop, who is one of the prominent members in Topeka said today: "We do not intend to advocate this ticket and we have attempted to secure the sentiment of the people of the state who are opposed to the administration and they say they will vote the ticket but vote it under protest. The Initiative and Referendum club will have nothing to do with this ticket and disclaim any connection with it."

A committee appointed by the Topeka club has drafted the resolutions deciding that it is not advisable to place a ticket in the field this fall.

Topeka, Kans., Oct. 15, 1894.

The Initiative and Referendum association of Topeka, Kans., having issued an address to the people sometime since,

asking the voters not satisfied with the tickets then in the field, to send their names and present their views as to putting another ticket before the people pledged to direct legislation.

The views of those heard from have been to the effect that owing to the brief time allotted to us before election it has been deemed inadvisable by the advocates of the Initiative and Referendum in the state, to place a ticket before the people, but to support only such candidates for office and especially members of the legislature who pledge themselves to work and vote to have the Initiative and Referendum system adopted in the state of Kansas thereby eliminating the possibility of baffle or partisan legislation. And further, to work for securing statutory enactments by which to provide for the submission of important measures to the people, pending the adoption of the Initiative and Referendum amendment to the constitution of the state.

While the reform forces, especially the Populists, have declared in a formal manner in convention for this Initiative and Referendum principles, yet with our advocating the measures as an issue, we are satisfied that they express none the less the honest convictions of the rank and file of all the parties in the state who believe that governments derive their just powers from the consent of the governed, expressed at the ballot box; and not from the will of their representatives who have been clothed by the votes of the people with a little brief authority.

We therefore urge upon every good citizen, regardless of party affiliations, who believe in a government of the people, for the people and by the people, to use their influence to elect only such candidates for the legislature who will unquestionably pledge himself, if elected, to use his vote and his influence for direct legislation by the Initiative and Referendum in the state of Kansas.

This matter must come before the next legislature and must be acted upon by it. There is no time to be lost. Do everything in your power before the election to secure a legislature favorable to this most vital measure of reform. And by organization at once in every ward and township in the state of Initiative and Referendum clubs; put the wheels in motion by petitions from the electors of such precincts to the legislature to enact such laws as the people demand, and thus be ready to command the attention of that body to these matters as soon as it is organized.

Insist upon prompt and energetic action along these lines until the people

shall rule, in fact, as they now do under representative system only in name.

N. B.—All who are ready to unite on these demands are requested to write us at once at our address herewith. Done by order of the Initiative and Referendum association.

HOW ABOUT SENATOR?

Fusion Between Populists and Democrats in Fifty-nine Counties.

On the character of the nominations made in the legislative districts in Kansas, largely depends the election of a United States senator by the legislature next winter.

The reports received at the various party headquarters show that fusion has been effected in sixty districts. In fifty-nine districts the fusion is between the Democrats and Populists, and in one district in Scott county between the Republicans and Democrats.

In most of the instances where there is fusion the candidate endorsed by both parties is a Populist, although in a few of the eastern counties where there is not much Populist strength the fusion has been effected by selecting a Democrat. Chairman Breidenbach has been watching the character of the fusion deals, and although he will not talk about the matter, it is known that he is satisfied that if the fusion candidates for the legislature are elected, their votes for United States senator, or at least the votes of a majority of them, will in the fusion caucus, be for a Populist for senator in preference to a Democrat.

The counties constituting single districts in which there is fusion are Johnson, Anderson, Wilson, Woodson, Coffey, Nemaha, Marshall, Wabasha, Cherokee, Morris, Clay, Ottawa, Harper, Barber, Pratt, Barton, Rice, Russell, Jewell, Rush, Pawnee, Edwards, Kiowa, Comanche, Clark, Hodgeman, Trego, Graham, Norton, Gove, Meade and Seward.

The counties constituting more than one district: Atchison, two, fusion in both; Cherokee, two, fusion in one; Douglas, two, fusion in both; Labette, two, fusion in both; Osage, two, fusion in one; Shawnee, three, fusion in two; Cowley, two, fusion in both; Smelter, two, fusion in one; Reno, two, fusion in both.
